Harbor Village

An Enchanting Experience In Vacation Pleasure

Harbor Village is a quiet, secluded village of Cape style homes located on the south shore of Cape Cod at the edge of Hyannisport. This 17 acre peninsula is a place of natural beauty, studded with pine trees and laced with cool sandy paths leading to the ocean beach. Our private footpath to Quohog Beach bridges a creekbed filled with wild flowers - a fine spot to eavesdrop on nature at sunrise. Emerge from the sylvan trail, cross tiny Ocean Avenue and set up your own beachhead to sun, picnic or watch the sailors on Nantucket Sound. The summer water temperature on the Sound averages 70 to 75 degrees.

Quiet, Yet Convenient

Just outside the Village entrance is a convenient country store and newsstand. The shopping and excitement of downtown Hyannis is less than a mile from our gate, where you can also take the ferries to Nantucket and Martha's Vineyard.

Cottages With A View And Individual Charm

Most of our twenty cottages feature water views and all have their own individual charm. Some are country, some are eclectic and others are contemporary. Many are faithful replicas of famous old Cape Cod homes. With one to four bedrooms, we can accommodate couples or large families and groups. Each cottage has a fireplaced living room, dining room or area, bath with tub or shower and a fully equipped kitchen. Also included are cable TV with VCR, private telephone, and an outside deck with furniture and gas grill. Basic housekeeping is provided.
